

# HERE'S the POINT

By SPENCE HELD

For Father's Day I received a couple pairs of nifty nylon socks stretched on boards—well, on cardboard, anyhow—which are supposed to fit any foot from 10 to 14.

I'm probably the last guy in town to find out about this flexible arrangement, designed, no doubt, for casual shoppers unaware of the male recipient's specific sock size.

It occurs to me that what this country really needs is a 50-cent self-sealing sock. You know, like those tires that the man throws knives at.

Hey, Held, you might just have something there!

And as an altruistic ink-slinger with no profit motive, I hereby relinquish any rights to the idea and toss it into the market place for the promoters to fight over. Socko!

See where Convair has developed a new supersonic rocket sled that does 1560 miles an hour.

That's what I need for Point Loma Ave. I rather enjoy foot-flogging it down the hill but don't recommend the return ascent from sea to summit. As a matter of fact, when the wife-driven car isn't available, I either bum a ride or take a taxi home.)

Here's the point: A rocket sled ride up the hill could be accomplished in nothing flat. At intersections, where the street flattens out, the sled might soar briefly—but so what?

Fire One!

So now you're atop Point Loma and getting slightly sunburned in the Greek Theatre at Cal Western University.

It's last Thursday afternoon... You're watching 340 boys and girls from Point Loma High get their diplomas. Girls in white caps and gowns; boys in maroon. You reflect that the ceremonies are more impressive than your own college graduation quite a few years ago.

Well, why not? Some of those kids are 'way ahead of you, particularly in math and science. Some are going to college, others into the Armed Forces or jobs in the business world... This is a big moment in their lives, and they're sad and happy at the same time.

Good luck!

## Professional Building Opens

Opening of the new Ocean Beach Professional Building at Santa Monica Ave. and Cable St. was announced this week by Dr. Winton B. Oster, of the Ocean Beach Medical Group.

Open house will be held Sunday, June 24, from 1 to 6 p.m. All offices will be open to visitors; refreshments will be served. The public is invited.

The one-story contemporary stucco and rock structure contains 8100 square feet of floor space and, including the lot and equipment, represents an investment of about \$300,000, according to Dr. Oster. The latest

in X-ray and other equipment has been installed, and there are complete diagnostic and treatment facilities.

Construction was started last December by Al Schriber Jr., contractor. Richard George Wheeler, A.I.A., and Associates were the architects.

The Ocean Beach Medical Group has been in this community since 1947. Dr. Oster has practiced in O. B. since 1942. Other members of the Medical Group with offices in the new building are as follows:

Dr. Rowland H. Harris, Dr. James M. MacDonald, Dr. Owen W. Wheeler, Dr. Robert Rich-

mond and Dr. Roy F. Berrett.

Dr. Berrett, now a Navy lieutenant, will leave the service in October, according to Dr. Oster.

Dr. Wheeler, from Linda Vista, is the only newcomer to the group. Two dentists with offices in the building will leave the Navy in July, he said. They are Dr. G. C. Glenn Jr., and Dr. William L. Pool.

Dr. Seymour Kuntz, optometrist, also has offices there. The Professional Pharmacy is operated by Leo Volz and J. P. Hunt. Volz has two other pharmacies in the Peninsula area; Hunt has a Linda Vista pharmacy.

These teams are scheduled to play Wednesday and Friday evenings at 5 p.m., and a double header will be played Sundays starting at 1 p.m. Coaches for teams are: Van Stelle, Ed Miller; Comets, John Engle; Darts, C. K. Newton; Boosters, Enar (Ole) Olson.

Van Stelle and Boosters played the opening game with a 4-3 victory going to Van Stelle. Highlight was a pitching duel between Dave Shirley and Mike Nevitt with Shirley pitching a 23-strikeout game for Van Stelle. Comets and Darts completed the day's play with the Darts taking it by a score of 7-1. Pitching for Comets was James Bradford and for Darts Don Smallwood.

For the information of those not familiar with Colt League baseball this league consists of boys between the ages of 15-17 and anyone interested in watching hang-up games is cordially invited to attend.

Colt League officers are Ralph Smallwood, president; Enar Olson, vice-president; Mrs. Ernest W. Downey, secretary, and Gillette Williams, treasurer.

FIESTA—Russ Wilson, left, Iris Van Saanen and Jim Noel illustrate types of Spanish costume which, it is hoped, Peninsula residents will wear to get into the spirit of the Fiesta del Pacifico and the Ocean Beach Daz-O-Fun. Kiwanis Club, and Noel, a Kiwanian and chairman of the Daz-O-Fun, wore their costumes at the Kiwanis International convention in San Francisco this week to advertise the local Fiesta.—Les Hamm photo.

## 'The Merry Farce Of Pierre Patelin' To Feature Colorful Costumes & Sets

Colorful costumes and special scenery are being made and built for the California Western University and Community Players production of "The Merry Farce of Pierre Patelin." This will be given in the Greek Theatre on the campus of California Western University June 30 and July 1 at 3 p.m.

This 15th century play is being done in the traditional and novel manner. The players, together with the scenery and properties in a cart, will come up the road by the Greek Theatre. Then the scenery will be set up in full view of the audience. The three sets have been designed by Raymond Sparks, who, before coming to San Diego five years ago, organized the Acworth (New Hampshire) Community Players.

Assisting him in the building and painting of the sets will be Jim Peterson. Stage assistants in setting up the scenery will be Jack Brennon and Clayton

William Dray. The costumes have been designed by Sue Ann Wilson. Assisting her in making them are Mrs. Catherine Papadopoulos, Mrs. Herbert Smith, Mrs. Raymond Sparks and Mrs. Thomas Witkowski.

Added features to this spectacular production will be singers, dancers, musicians and tumblers. Under the direction of Bob Daugherty a group of dancers from the Lighthouse Squares will perform. These will be Helen and Ken Sharp, Mildred and Wayne Edmonds, Sally and Will Pohle, and Elizabeth Swift and Harry Philpot.

Program chairman is Mrs. Oscar Knauer. Additional sponsors for this production will include Gamma Chi Chapter of Alpha Sorority, in charge of Betty Ann Anderson, CY-6-6049; and Loyal Order of Moose, tickets from Ed Wilhelm, AC-3-6689. Admission is \$1, with children half price.

## VFW To Sponsor Beauty Contest For Daz-O-Fun

Post 2415, Veterans of Foreign Wars, of Ocean Beach, again will sponsor the annual bathing beauty contest to be held in conjunction with the Daz-O-Fun celebration in August.

## Dana Awards Honor Citations

In three honor assemblies for the 7th, 8th and 9th grades at Dana Junior High School last week, more than 200 students received honor citations for outstanding scholarship and citizenship.

Of this number, 91 received two or more citations which entitled them to the Dana Gold Seal of Excellence on their honor certificates. This Gold Seal is also placed upon the Promotional Certificate of top honor students in the 9th grade.

To win a citation a student is judged one of the five most outstanding students of one of his teachers in scholarship and/or citizenship. Since each student has six classes the highest possible number of citations for any student is six.

Top honors in citizenship were won by Judy Jorgensen and Robert "Rocky" Higgins, who received Gold Awards from the Sons of the American Revolution at the Promotional Exercises. The citizenship awards are made each

year after polling the votes of the faculty members who teach ninth grade classes at Dana.

Judy Jorgensen also won a year's subscription to the Reader's Digest as the ninth grade student with the highest scholarship rating in the Class of June 1956.

### NINTH GRADE HONORS

## 5 Local Anglers Still 'Safe' in Yellowtail Derby

Another heavy run of yellowtail at the Coronado Islands which began last Friday put the spurs to the qualifying efforts of Yellowtail Derby candidates this week as minimum weight in the second of three derby periods continued to shoot skyward.

Low weight at the beginning of the fourth week of competition was 22 pounds 10 ounces and five anglers from the Point Loma-Ocean Beach sector still were safely within limits.

The successful quintet included the following: 34-1, Ira Koldan, 4462 Saratoga; 24-10, J. V. Anderson, 4344 Santa Cruz; 23-8, Wes Sebring, 2904 Byron; 23-0, David Labruzzi, 3128 Hugo, and 22-14, Eddie Gann, 2975 Chatsworth.

Largest yellow of the week proved to be a 23 pound 8 ounce caught by A. Anderson, Fullerton, but one of the highlighted catches of the week was the taking of a 73 pound 12 ounce black sea bass by an eight-year-old Ocean Beach boy, Philip E. Reynolds, 1555 Ebers St.

Young Reynolds took the big fish on regulation yellowtail tackle with 20 pound test monofilament leader, and brought it to gaff after an hour-long fight. He also carted off the major honors in a Convair sponsored fishing party for fathers and sons.

Other worthy catches of the week included halibut up to 49 pounds and white sea bass up to 42-12, the latter taken by Bill Yancey, Puente.

## LETTER TO THE EDITOR

I have not checked this with Director John McGhee.

However, considering that the convention hall bonds have been voted down upon so many occasions I think that the feasibility of having this located at Mission Bay Park should be considered.

The extensive acreage there would lend itself to ample parking and this hall should be a great asset in many ways.

Mission Bay Park will be very costly to maintain and the more self-paying activities located there, the less the cost to the taxpayer.

Furthermore, if this could be worked out the cost of the land would be eliminated and many savings to the taxpayer.

I understand that many conventions draw their attendance largely from the Los Angeles or Southern California area. Many of these people would find it more convenient to reach a convention hall at Mission Bay than go to a downtown location. Hotel keepers inform me that the modern convention goer often prefers to secure lodgings in an outlying motel. This would fit in also with this location.

While there would be difficulties to be worked out and the development plans would have to be changed, this could be done if Pacific Beach, Mission Beach, and Ocean Beach got behind the idea.

## Exposition & County Fair To Open Next Week With Many Attractions

Workmen will be putting the finishing touches on construction and thousands of livestock and poultry will be moved onto the fair grounds next week for the opening of the 10-day Southern California Exposition and County Fair June 29, at Del Mar.

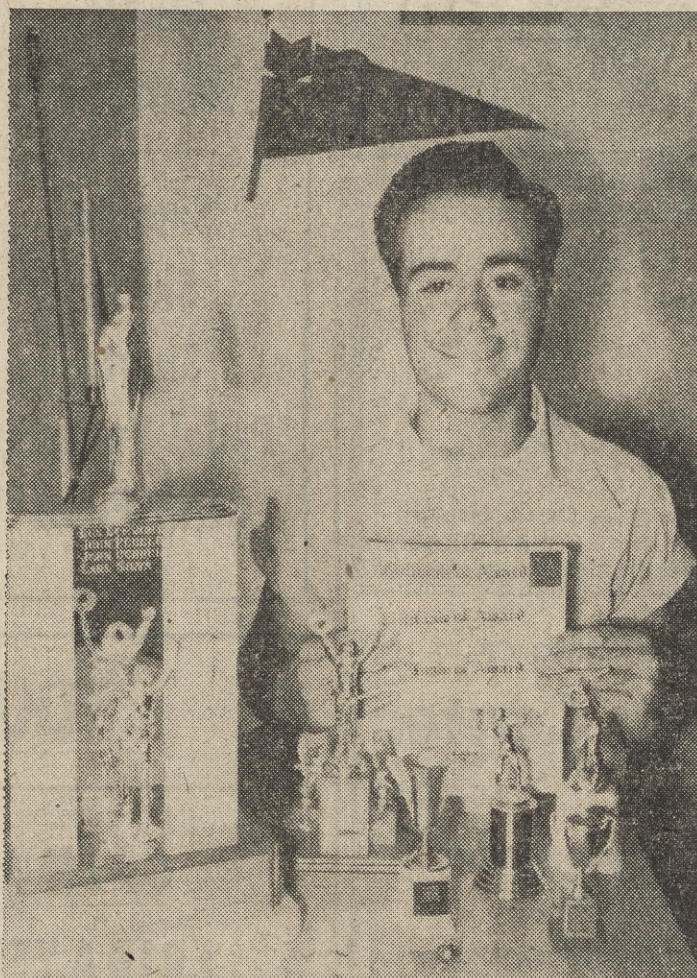

Two new barns will be in use by fair time to house additional animals from a record entry list. Paul T. Mannen, manager of the Exposition, predicts a record crowd of 250,000. This would exceed by 32,000 the number who attended the last 10-day run at Del Mar in 1953. Last year, 244,567 attended the Exposition which ran 11 days.

Heading the list of free attractions this year will be the sensational act from Southern Mexico known as the Flying In-

dians. Making their first appearance in the United States, these Totonaca Indians will perform in a dance atop a 100-foot high pole on a small platform and then descend earthward on long un-winding ropes.

They will appear before the grandstand nightly at 9:45. Other outstanding free attractions will be the Jerry Fielding show, June 29-30; Doye O'Dell's Western Varieties from KTLA, July 1; amateur boxing tournament, July 2-3 and 5-7; Lawrence Welk, July 2-3; and the Russell Arms-Eydie Gorme show, July 4-8.

Kids will be admitted free on opening day. And as an added feature a special "Rock N' Roll" dancing contest will be conducted for the teenagers.

ATHLETE—Carl John Silva Jr., 13, of 3427 Garrison St., who was graduated last week from the 8th grade at St. Agnes School, displays his trophies and certificates of award. He was the outstanding all-around student, baseball and football player, runner-up in basketball, and his name was inscribed on the school trophy as outstanding athlete of 1956. He will attend St. Augustine High School in September.—P.N. staff photo.

**WEDDING**—Mr. and Mrs. Rudy Thompson Jr., of St. Thomas, Virgin Islands, "cut the cake" after their wedding ceremony May 9 in the islands. Mr. Thompson, son of Mrs. M. E. Guiley, 1247 Moana Dr., was graduated from PLHS in 1947. He is owner and skipper of the yacht "Tropic Bird," a charter boat for tropical cruises. Mrs. Thompson, the former Sheila Walden, was a model in New York City.

## 'Slow Down & You'll Live Longer'

"Keep off the gas—SPEED KILLS!"

This life-saving advice was given to drivers by Ronald T. Strong, president of the San Diego County Traffic Safety Council which is sponsoring this month's speed control program in cooperation with the Insurance Agents Association of San Diego.

"The thrill that speed-minded motorists get out of demonstrating the speed potential of their cars is short lived—and so, frequently, are they," Strong warned. "Excessive speed is often a short cut to eternity."

In 1955 there were 715,260 casualties caused by the misuse of speed on our highways—12,700 of them were fatal, Strong said.

He listed some of the main dangers of driving at a speed too fast for conditions as follows:

1. If an emergency arises when you're driving at higher speeds, you have less time in which to act to avoid an accident.

2. As speed increases, braking distance increases at a greater rate. When you double your speed, you quadruple your braking distance. Average brakes can stop a car within 21 feet at 20 miles an hour, but it takes 84 feet to bring a car to a stop at 40 miles an hour.

"All of which proves," Strong concluded, "that your speed should be no greater than reasonable and prudent under existing road, weather, physical and mechanical conditions. Slow down and you'll live longer."

\*Quotation by Samuel Johnson 1709-1784 Copyright 1955 (10W4)

Man's eagerness to know the "why's" of life has been responsible for much of our progress and civilization.

Medical research has been responsible for controlling a number of diseases that were once the scourge of mankind, for lengthening life, and for raising health standards generally. Without that form of curiosity that leads men to try to find out the cause and cure of diseases and how to control them, we would not enjoy the high standards of health and physical well-being we know today.

Men have never been satisfied that they knew all they wanted or needed to know about the mysteries of life. This has been a good thing for all of us and is a particularly good thing for the health of future generations.

Despite the wonderful progress we have made against disease, much remains to be done; there are still numerous unknowns which have to be discovered through research if men are to live full, healthy, and happy lives.

The United States Government and voluntary health agencies, foundations, universities, and industry are devoting much energy, time, and money to trying to find out how to defeat the ills that still rob men of happiness and productivity. When we realize how much research has accomplished and may accomplish in the future, we realize that this kind of curiosity is one of man's finest attributes.

## Ocean Beach Woman's Club Installs Mrs. Sylvan Planson As President

By MARIAN KRETTLER

The official closing of the Ocean Beach Woman's Club came last Thursday when meetings were discontinued until September as a new corps takes over the management. It was Flag Day, and our national emblem featured the decorations as well as the colorful corsages given the incoming ones.

Mrs. Jack Hamilton of Chula Vista was the installing personage, and she likened the club to a ship, going forward to new achievement under the energetic management of its skipper, Mrs. Sylvan Planson. Mrs. Hamilton was presented with a gift by the club.

The gentle and efficient Edythe Kenline, a picture in her pretty pink dress with its sparkling ornamentation, presented the gavel to Mrs. Planson and retired to a subordinate position.

However, the Woman's Club will not be inactive during the summer. Regular board meetings will be held. New members will be honored with a tea June 28. Mrs. Ralph Stothard, AC-2-8129 should be phoned for reservations.

June 27 a potluck luncheon will be at Mrs. Planson's. While slanted to Arts and Crafts and

American Homes, everyone is welcome. Bring what you like for eats and have a happy time. Mrs. Martin Hunting started something with her tour of gardens. The department has been inactive for some years but will be reinstated with September. Those interested in local plantings were welcome at the Hunting home, 4528 Bermuda, the afternoon of June 20.

Again under the administration of Mrs. C. E. Hunter, the literary section will carry on, but it is planned that sessions will occur in the afternoons rather than at evening.

The Woman's Club received several certificates for achievement from the Federation. Perhaps the most outstanding was that of Mrs. I. W. Hegerle as our chosen mother of the year. She works continually for youth, is again the civic chairman and organized the local Friendly Club in behalf of the senior citizens.

Tuesday noon, the retiring president, Mrs. Kenline, and her able first vice, gave a luncheon at Admiral Kidd for the hard-working members of the retiring board. Mrs. Ralph Stothard sponsored the affair which was 100 percent attended, and everyone had a wonderful time.

## Catholic Group Installation

Trustees: Mrs. William Murphy, Mrs. Andrew Willis, Mrs. Joseph F. Lefebvre, Mrs. Eugene G. Rosenberry, Mrs. William Emerson and Mrs. John T. Klecan. Reception for new members followed.

Mr. and Mrs. Frank W. Fink, 3211 Ibsen St., have moved to their new home in the newly opened golf course area on Point Loma. Their new address is in the 500 block of Gage Lane. They have a daughter, Susan, 10.

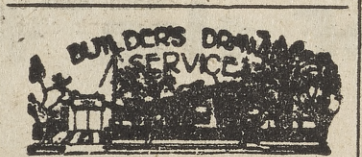

## Court St. Rose Of Lima Installs

**Registration Set Monday At State**

Registration for San Diego State's first summer session will begin Monday, June 25 at 8 a.m. in the campus laboratory school, and classes will begin Tuesday. The six week session will end August 3, and the second session will meet August 6-24. Special workshops and events of the first session are the 12th annual Guidance Conference, the free science lecture series, summer demonstration school, directed internship in counseling, and workshops in elementary science and in community influences on learning and curriculum planning. The college offers 222 courses in summer sessions, including 64 education and 18 in business.

**Summer Classes In Photography**

Photography summer classes in both black and white and color were announced by W. W. Laughtery, principal of Midway Adult Center. Two classes will be formed. One class in black and white photography will meet for six Thursday evenings commencing June 21. It will be taught by Walter E. Harvey. The other class, in color photography, will meet for six Tuesday evenings commencing June 19. It will be taught by Kenneth K. Rinker. Both classes will meet from 6:30 to 9:30 p.m. in room 7 of Midway Adult Center. No previous photographic experience is required. The classes are intended as both a refresher course for previous students and a fundamental course for those wishing to learn how to make better photographs. A \$1 equipment fee is required for the six-weeks course. Additional information may be secured by calling the school, AC-3-1671, weekdays between 9 a.m. and 4 p.m.

**School Meeting Set Saturday**

All San Diego residents interested in the future of the city's public schools are invited by Robert C. Dent, president of the Board of Education, to participate in the Citizens' Conference on Public Education to be held Saturday, June 23, at the Education Center, Park Blvd. at El Cajon. Dent will serve as general chairman of the conference, planned as a follow-up to the local, state, and White House conference on education last fall. The conference will differ from those of last fall, however, in that it will consider only present and future problems facing the city schools and will be restricted to San Diego residents. Anyone interested in participating should phone a reservation before June 23 to William J. Lyons, board of education secretary, at the Education Center, Dent said. This is necessary to arrange for luncheon reservations and to make assignments to small group discussion sessions, according to Dent. Registration will be held from 9 to 9:30 a.m., with the balance of the morning to be devoted to one general session and to a series of group discussions. Reports, recommendations and open discussions are scheduled in the afternoon session, which will end at 2:30. General topics to be covered in the discussions include various aspects of the instructional program, the recruitment and retention of teachers, financing problems and school building problems.

**AAUW APPOINTMENT**

Mrs. J. Dale Sutliff, of 3444 Charles St., has been appointed recent graduate chairman for the California State Division of American Association of University Women, announced Mrs. Patricia Goodrich, of San Fernando, incoming president of the state division. ## Tips on Touring

By Carol Lane  
Women's Travel Authority  
This column is for the ladies who are planning vacation trips alone. The popularity of one-woman vacation trips by car is increasing each year—a sign that they are successful. I travel alone much of the time, and I have discovered a number of ways to dispell distaff difficulties on the trip.

Have confidence in yourself and in your ability to make all necessary arrangements en route. Be sure your car is in A-1 condition before you leave. I'd suggest a complete lubrication job and change of oil. Also, have the steering gear, generator, battery, brakes, tires and head and tail lights thoroughly checked.

The fear of boredom seems to figure in the lone woman's concept of car travel. This can be solved in a number of ways—listening to the radio, or stopping off at interesting places to observe new scenery and note the different styles of architecture. Another idea is to drop in on old friends—or friends of friends—along the way. This might be a good chance, too, to track down distant or long-lost relatives!

A word of caution: never pick up hitchhikers no matter how harmless they may look. Avoid driving late at night over lonely stretches of road. End your driving day around 4 or 5 o'clock. This will give you time to find a good room in a hotel or motel, and help you to avoid fatigue. Always stay at well-recognized and respected lodgings.

For "musts" on your trip, don't forget your driver's license and certificate of title. Identification cards and travelers checks can be useful.

You're on your way ladies! Safe journeying and—happy vacationing!

## "CHECK THE ADVANTAGES"

This convenient Directory is composed of friendly local firms who realize that in order to maintain the patronage of resident shoppers, high quality, low cost and better service, must always be at your disposal. Hence, service, convenience, home delivery, local telephone, are just some of the many reasons why IT PAYS TO SHOP LOCALLY.

## "ENJOY THE FRUITS OF LOCAL HARVEST"

You can have fun and become better acquainted with local advertisers and their ads by participating in our "BOOSTER SLOGAN" Contest. In each column can be found a "Hidden" Word—combine them and you have our slogan for this week—write a brief paraphrase along the same theme as the slogan—it does not necessarily have to rhyme but must always lend to the advantages of local shopping.

EXAMPLE—"Many More Reasons Why Local Trading is Best,  
Get Shopping Done with Time to Rest."
